Dear Gonzalo

Voluntary Suspension Request

Further to our announcement dated 11 June 2010, Indophil Resources NL requests a voluntary suspension until no later than 10.00am Wednesday, 23 June 2010.

Continued media reports, emanating from the Philippines, predict that the outgoing provincial governor of South Cotabato is considering approving a local government unit proposal to introduce an Environmental Code which contains a ban on open pit mining in the area. These same reports also confirm that any such ban is beyond the scope of authority of local legislation.

With the government in transition following the recent election, Indophil is seeking clarity from relevant government officials as well as Xstrata's subsidiary Sagittarius Mines Inc, in relation to this proposal.

Indophil will update the market once the issue becomes clearer.

Indophil Resources NL knows of no reason why this voluntary suspension should not be granted.

Yours sincerely
Indophil Resources NL
